Frame Repairs

The majority of our frame repairs can be completed at our practice while you wait. We have a large supply of frame parts and equipment to reshape and solder damaged metal components. Lenses can also be hand edged into new frames.

Glasses Servicing

We recommend the use of our ultrasonic cleaner to give your glasses a deep clean. This process eliminates the use of any chemicals that might damage your lens surface by shaking the dirt off your glasses.

We Care Warranty

All eyewear dispensed at Eyecare Eyewear is backed by market leading warranties. This includes the unconditional We Care Warranty on frame and lenses combinations within the first year of purchase.
